CESAR

The stone has a homogeneous background color, slight variations in tone and delicate veining can be seen. The fine and slightly porous surface conveys a sense of naturalness and warmth, thanks to the cream shade. This light limestone lends itself to multiple combinations, depending on the desired style:

Wood: The combination with dark wood creates a warm and country chic atmosphere.

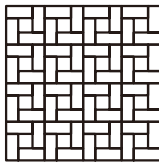

Marble: The combination with white or beige marble creates a refined and bright environment.

Metal: Metal elements, such as brass or bronze, add an Urban touchThis limestone is suitable for different types of locations, both residential and commercial:also perfect for Commercial environments, such as Hotel and spa recreating a luxurious and relaxing atmosphere.In particular, its classic and elegant appearance makes it ideal for:Classic or country style homes.Provençal or shabby chic style environments.Spaces that require a bright and relaxing atmosphere.
